

Enquiries after Results

At Blundell's the parents of candidates pay for all Examination entries and enquiries into results after the publication of the results. The opinion of the relevant Head of Department must be sought and once a decision has been made by the candidate and the candidate's parents, the Exams Officer is informed of the decision and the enquiry lodged. This cannot take place unless the form of consent has been signed by the candidate only stating that they accept that the result may go down as well as up (JCQ requirement), also that any fees are payable by them. Either parent or candidate may initiate an enquiry, but both must agree it should go ahead. Those wishing to have a paper reviewed as a university place depends on the result must submit their request within seven days of the results being issued.

The form of consent will be sent in the end of term mailing to the parents, from the Head of Department, on the school website, the Exams Officer or from the main School Office.

The result of any enquiry is the property of the candidate and will be returned directly to their school email address or other email nominated by the candidate. This complies with JCQ regulations.
