

# Blundell's

FOUNDED 1604

## CANDIDATE INFORMATION PACK

**Teacher of Mathematics**

Closing date 5pm 22<sup>nd</sup> April

Interviews 26<sup>th</sup> April

# INTRODUCTION

At Blundell's it is our desire to educate and nurture young people of consequence, who have the confidence and desire to make a meaningful contribution to society. We are immensely fortunate to be situated in such an idyllic location and it is here, on our 100-acre campus, nestled in the Devon hills, that our pupils are inspired and supported by a team of teachers dedicated to their success and well-being.

It is our intention to help our pupils to become good at learning. Some will become lawyers and doctors and engineers, some will do jobs that have yet to be thought of, but fundamentally, we are developing learners. We believe that if we help pupils to develop the skills and the passion for learning then they will be able to apply that to any aspect of their lives, whether it is in their work, in their leisure or in their relationships. A life well lived is one in which we never stop learning.

At Blundell's we regularly refer to our aspiration of providing pupils with 'Roots and Wings': the roots that ensure our pupils remain grounded, with values that provide a foundation on which to build their lives, and wings of ambition and aspiration, the confidence to do something meaningful with their lives.

Blundell's has been around for over 400 years and we are tremendously proud of our history, but we are just as excited about the innovations and the things we are discovering as we engage with what it means to be relevant today in a world that has seen extraordinary upheaval and change.

This is a place where young people thrive and become ready to contribute to a world desperately in need of men and women who want to make a difference.

We would love to welcome you to our community and experience the warmth and enthusiasm we are so proud of.

*Bart Wielenga.*

**Mr Bart Wielenga BEd Natal**  
**HEAD**

# Teaching at Blundell's

Blundell's is an exciting and dynamic place to work and we welcome applications from well qualified, enthusiastic candidates. We are a community who strive to develop our practice, and teacher improvement is at the heart of what we do. We have a team of dedicated staff who take a keen interest in making you a better teacher, whether you are just starting your career or are looking for the next step.

The philosophy of "Roots and Wings" flows through everything we do. It is our desire to instil a deep love of learning in pupils which will allow them to thrive; in their working lives, in their leisure and in their relationships. At the heart of supporting pupils to become effective learners is our desire to help pupils to know and understand themselves better, and we equip them with the empathy, compassion and optimism which enables them to make a meaningful difference in a wide range of settings. We embrace the opportunity to challenge ourselves mentally and physically and this is at the core of our communal lives. With our beautiful setting in the heart of Devon, our pupils and staff are inspired to test themselves and to strive to live their lives to the full

Blundell's has a reputation for the collegiality of its staff and the positivity and friendliness of its pupils. The outstanding characteristic of Blundellians is their positive 'can-do' attitude. The main finding of our most recent Independent Schools Inspectorate report was that the quality of our pupils' academic and other achievements is "excellent", and the quality of our pupils' personal development is also "excellent". It also noted that *"Pupils throughout the school demonstrate strong development of self-confidence and self-awareness, at levels appropriate to or, for many, beyond their age. Pupils showed their justifiable pride in their own and in others' achievements, without appearing in the least arrogant or excessively competitive."*

Our staff have a range of diverse backgrounds, many having lived and worked overseas, and bring life experience alongside their teaching skills; we have staff who have been army officers, university admission tutors, engineers, diplomats and lawyers before becoming teachers. We role model life-long learning and we are a "school within a school", with our outstanding teachers always looking to learn and improve. Indeed, we are well known for improving staff as a school, and are a regional training centre for ISTIP; the independent schools training institute.

Our inspirational teachers focus not only on learning, but also on the process of learning, both in and out of the classroom. As a result, we consistently rank among the top schools in the country for value-added data, and regularly achieve national success in academics, sport, music, and drama. We are committed to our ambition to be more thoughtful in understanding our pupils, and more innovative in developing their potential, than any other school in the country.

Devonians are known for their warmth, and this is reflected in the strength of the relationships we see within the school. This is fostered by the Boarding Houses, central to the lives of our pupils. We are grateful for our safe, secure campus, set on the edge of the market town of Tiverton, surrounded by gentle hills and green space.

As a school we believe that people are defined by their values, and the embedding of a strong set of values is what underpins our boarding ethos, and our Boarding House system. Each member of academic staff acts as a Tutor for a small group of tutees within a House. Tutors are an important element of the pastoral system at Blundell's, and perform a key role in enabling us to achieve our core pastoral objective of knowing each pupil individually, and as an individual.

At Blundell's we recognise the talents of each pupil, and believe that each pupil should have the opportunity to develop these talents in whatever field they enjoy. The importance of pupil wellbeing, and of a healthy, balanced lifestyle, is paramount to us at Blundell's. Taking part in music, drama, sport, outdoor pursuits, activities and clubs might lead to a lifelong passion, but may equally simply act as a source of fun and enjoyment with school friends. Blundell's has an enormously rich and vibrant Co-Curricular programme that nurtures those with real talent, alongside those who simply want to try new things.

*"Our strength lies in the diversity of options which gives every pupil a chance to shine"*

# The Blundell's Difference

At the heart of the School's rigorous academic ethos is the key principle that all pupils must engage fully in their own learning and the learning of their peers and that, when they do this, anything is possible. We expect our pupils to work together, to share ideas, to produce group work, and to challenge and support each other. As a result, classrooms are lively places. Blundell's is proudly a non-selective school, but our most academically able pupils achieve as well at Blundell's as at any highly selective academic school in the country. Alongside our Oxbridge places, our pupils consistently win the South-West rounds in academic competitions, progressing in recent years to national finals in Maths, Physics and Chemistry challenges. We feel that our value-added sets us apart in our academic results; on average each of our pupils achieves half a grade more per GCSE than the average for pupils of their ability in Independent Schools in the UK. They then build on this with half a grade again in each of their A-Levels.

In addition to offering a wonderful classroom experience, there is no doubt that Blundell's rich co-curricular offering, greatly enhances the school experience of staff and pupils alike. Staff and pupils at Blundell's interact in a wide variety of differing environments

and these interactions help to promote strong, positive relationships which, in turn, create a happy and collaborative work environment. Put simply, staff and pupils at Blundell's get on well together, and enjoy each other's company, whether that be in the classroom, on the sports field, in the Boarding Houses, or indeed anywhere across the school. Pupils want to learn, and to improve, and the staff enjoy supporting them in their endeavours. This leads to a sense of community, and of togetherness, which means that the teaching experience is happy, positive and enjoyable.

The academic staff body at Blundell's, known as the Common Room, is widely known for its friendly, welcoming nature, and many current staff will cite this collegiality as one of the most pleasurable aspects of life at Blundell's. The Common Room is a collaborative, supportive environment, and one in which new staff are warmly welcomed and integrated. In addition, we are lucky to have a team of friendly, talented support staff who ensure that the school's provision is first-class, from the quality of the food to the preparation of our grounds and gardens, and everything in between. Members of Common Room spend time together over coffee at break,

or while enjoying our extraordinary food in Dining Hall, and the warmth of relationships between colleagues is something of which the school is very proud, and keen to retain. There is a popular staff bar, with a range of alcoholic and non-alcoholic drinks, and we are well-known for the high quality of our welcome when we host staff and sports coaches from other schools, especially on Saturday afternoons for sports fixtures. This friendliness and warmth is a source of great pride, and something we are confident all staff will feel from their very first visit.

When asked to sum up the best thing about working at Blundell's, current staff say:

*"I am allowed to be myself and given the freedom and support to structure my department for the best outcomes of students. I gain enormous personal pleasure working alongside the students and building such strong and lasting relationships with them. I love making a difference every day, it keeps me young, makes me laugh, and keeps me in touch with what is really important."*

*"The community spirit across the whole school, staff, pupils, parents. Having been able to develop my own ideas, with support and encouragement from others, to create a job I love"*

*"The pupils that we produce and how they leave the school and move into the world as adults. Blundellians are always happy to chat to you and catch up and I remain proud of the young people who leave the school. I also love the support and camaraderie amongst the common room as a whole"*

*"The passion and commitment of the staff and high level of knowledge and expertise in my department. Collaborative nature of my department and frequent opportunities for personal development via mentoring from my HoD and colleagues."*

# Working at Blundell's

## Salary and Benefits

From the day your employment starts with us, you will not only be working in the beautiful Devon countryside, you will be part of a supportive community where you will have access to a number of benefits.

In addition to a competitive pay scale, benefits include:

- Enrolment into a competitive pension scheme
- Generous fees discount from Pre-Prep (Nursery) to Year 13
- Access to cycle to work salary sacrifice scheme
- Use of our excellent gym, sports facilities and swimming pool
- Free meals during term time
- Free parking
- Access to a market leading Employee Assistance Programme
- Extensive induction programme
- Focus on CPD and access to training as required
- Access to Common Room bar and various social activities throughout the year

## Location

Devon is one of the most popular holiday destinations in the UK as well as being a fantastic place to live and work. Blundell's is situated on the edge of the market town of Tiverton within easy reach of many stunning villages, towns and cities, both the North and South Devon coasts, and the wild beauty of Dartmoor. The general ambience of Blundell's is enhanced by the tranquillity of the surrounding rolling Devon countryside and the school's historic buildings.

Blundell's is blessed with excellent accessibility, particularly via Junction 27 on the M5 and Tiverton Parkway mainline railway station, which are both within 10 minutes of the school. Bristol Airport is one hour away.

All timings are approximate

## AROUND US

THERE ARE MANY STUNNING LOCATIONS, RURAL, MOORLAND AND LITTORAL, AND BEAUTIFUL CITIES AND TOWNS WITHIN EASY REACH OF BLUNDELL'S.

### TIVERTON

**5 minutes' walk from Blundell's**

The increasingly popular market town is a thriving local community, with the amenities of a much larger town.

### EXETER

**30 minutes from Blundell's**

The vibrant and exciting cathedral city of Exeter with its wide range of designer shops, including John Lewis, theatres and restaurants is easily accessible by car, train or bus.

### EXMOOR

**30 minutes from Blundell's**

The beautiful moorland area, popularised by Old Blundellian RD Blackmore in Lorna Doone, is ideal for many outdoor activities including CCF and Duke of Edinburgh expeditions.

### TAUNTON

**30 minutes from Blundell's**

The County town and home to the Somerset County Cricket Ground where Blundell's has its own 25 seat hospitality box.

### EXE ESTUARY

**30 minutes from Blundell's**

Blundellians use various locations on the estuary for activities such as sailing and kayaking, and this is also a popular location for Geography and Biology Field Trips.

### JURASSIC COAST

**60 minutes from Blundell's**

The world famous coastline is England's only natural UNESCO World Heritage site and offers a host of wonderful opportunities for field trips, particularly in Geography, Geology and Biology.

### WOOLACOMBE

**60 minutes from Blundell's**

The spectacular N Devon beach boasts wonderful surfing conditions and provides the Blundell's pupils the opportunity to learn to surf or just enjoy a great day out by the seaside.

### DARTMOOR

**60 minutes from Blundell's**

The wild and wonderful moorland is used extensively by the Blundell's CCF, Duke of Edinburgh participants and 10 Tors teams for hiking and camping.

### BATH

**1hr 40 minutes from Blundell's**

The world famous Regency city sees classical visits to the Roman Baths and occasional Sunday shopping trips.

## **WORKING AT BLUNDELL'S** ADDITIONAL INFORMATION (TEACHING POSTS)

<b>Job Title:</b>	Teacher of Mathematics
<b>Department:</b>	Mathematics
<b>Report to:</b>	Head of Mathematics, Deputy Head Academic
<b>Date:</b>	March 2024

---

## **ROLE**

An enthusiastic and well qualified teacher of Mathematics is required to join our dynamic Mathematics department. The ability to teach A- Level would be an advantage but not essential. This post would suit an established teacher, an ECT, a recent graduate or someone wishing to retrain.

The successful applicant will, if required, be able to gain Qualified Teacher Status through the Teaching Apprenticeship Programme. This Programme is a salaried, hands on, practical school-based teacher training route with supportive mentors. We are experienced in providing this opportunity and have an outstanding track record of training excellent practitioners.

Every new member of staff is assigned a mentor and the full statutory ECT induction programme is available for teachers new to the profession. Blundell's School is a regional training centre for ECTs in the independent sector.

A commitment to full participation in the extra-curricular life of this thriving boarding school is expected and accommodation may be available.

---

## **THE MATHEMATICS DEPARTMENT**

In the mathematics department, we strive to put understanding at the heart of everything we do, helping pupils to develop confidence in numeracy, problem solving abilities and critical thinking skills. We offer a dynamic and diverse curriculum allowing pupils to grow as mathematical thinkers. We use data from assessments to inform our curriculum decisions and to help us plan units of work and specific lessons.

In School House (Years 7 and 8), we look to develop a strong foundation of numerical understanding and skills, providing pupils with an ability and confidence apply their knowledge across a range of contexts and problems. The main focus for School House Mathematics is to master the numerical and algebraic skills fundamental to all branches of the subject, as well as developing problem solving

skills and strategies. There are many opportunities for pupils to practice these skills; problem solving booklets in class, the 'School House Problem of the Week' and various challenges throughout the year.

We build on this through the GCSE years to incorporate a broader range of topics and a heavier focus on algebraic generalisations. In Year 9, pupils begin working towards their GCSE. There is a big focus on making sure all the fundamental numeracy and algebraic skills are in place and that the pupils continue to develop their problem solving skills. The groups are setted for instruction, but this is fluid, as we seek to put pupils in best place for their learning.

In Years 10 and 11, the focus is specifically on the GCSE and we follow the Edexcel board International syllabus. Pupils take two calculator papers, covering a wide range of topics. Most pupils will sit the Higher Tier papers, with some pupils having the chance to sit the Foundation Tier. The top groups have the chance to either gain an additional Further Maths GCSE qualification in Year 11, or simply to broaden their mathematical knowledge, providing them with an insight into the mathematics they may encounter at A-level.

We have the largest intake into A-Level of any department in the school, with approximately half of our Year 12 group opting for either Maths or Further Maths. There is time in the timetable to allow pupils to work beyond and outside of the curriculum restraints and this means pupils can take time to enjoy the subject, whilst developing the necessary understandings and knowledge. We currently use the Edexcel board, and this comprises of two-thirds pure maths and one-third applied maths, with options available for those studying further maths.

There are also opportunities for pupils to extend their maths outside of the curriculum, with entry into individual maths challenges, team challenges and regular problem-solving activities. These activities provide pupils with the time to apply their mathematical knowledge in different and exciting ways, helping to improve their skills as mathematicians, but also allowing them to enjoy maths for the challenge and enjoyment it can provide. Throughout the school, the top sets are entered for the UKMT Maths Challenge competitions and the UKMT Team Challenge. The school is very successful in these with the awarding of numerous Gold Awards in each age division, with pupils also qualifying for the Kangaroo and Senior Olympiad Rounds 1 and 2. We also host an annual Year 7 maths competition for local schools.

---

## **TEACHING POLICY**

### **Aims:**

To foster in pupils an enthusiasm for study, application of intellectual, physical or creative effort and the ability to think and learn for themselves;

To enable pupils to acquire new knowledge understanding and skills in the subjects taught;

To support and encourage pupil reflection about their academic progress and enable them to demonstrate achievement.

---

## PERSON SPECIFICATION

### Job Description

#### Teachers will:

- Show a clear command of the subject areas which they teach;
  - Organise teaching programmes which meet curricular demands and pupils' needs;
  - Plan lessons carefully, making their aims and objectives clear to pupils;
  - Have high expectations of all pupils, challenging their knowledge and understandings and encouraging and enabling them to meet their full potential;
  - Stimulate and maintain pupils' interest by a range of methods and their own enthusiasm;
  - Use data on pupils' baseline to inform their teaching;
  - Use personalised teaching strategies where appropriate to meet the needs of pupils of different abilities, including the most able, pupils for whom English is not their first language or those who have learning difficulties. Central lists of pupils and their particular learning requirements should be referred to;
  - Set appropriate homework and assess and feedback to pupils on their work regularly and effectively, according to agreed standards and policies (see Marking and Assessment Policy)
  - Manage pupils well, to maintain good order and discipline within the classroom;
  - Develop good relationships with pupils through a balance of firmness and friendliness;
  - Insist on punctuality in attending lessons and set a good example themselves;
  - Provide a teaching environment which is bright, orderly and interesting. Classroom decoration should be updated frequently and there should be regular displays of pupils' work;
  - Provide fair, full and accurate feedback to pupils, parents, tutors and Houseparents via the reporting systems, as well as more regular communication where appropriate for individuals;
  - Contribute to the regular progress meetings which are an important forum for sharing feedback on pupils' progress and agreeing strategies to enhance their performance;
  - Be ready to ask for advice and to share difficulties in teaching with other colleagues;
  - Take opportunities to observe other colleagues and share good practice in teaching
-

# Application Process

Please complete the **Application Form** found at the bottom of our Working at Blundell's web page and submit it with your CV and covering letter to [recruitment@blundells.org](mailto:recruitment@blundells.org). Please note that only fully completed application forms will be considered in the shortlisting process.

Blundell's promotes equal opportunity for all staff and pupils and is committed to its culture of diversity and inclusion. We encourage applications from candidates of a wide range of backgrounds. Appointments will be made on merit.

Due to the number of applications we receive, we are only able to provide feedback to those invited to interview. Shortlisted candidates will be interviewed by the Deputy Head Academic and other members of the School management team. There will also be a meeting with the Head and a School tour. For most positions, applicants are asked to deliver a lesson in their area of expertise.

Further information on recruitment can be found in following documents:
