STUDENT MOUTHGUARDS

The school policy is to endorse all Sporting Governing Bodies in their guidelines surrounding the use of dental protection within PE and games. All pupils taking part in Rugby, Hockey or Lacrosse throughout the school year will require a mouthguard.

Titan Mouthguards will be catering for all students wishing to purchase a custom-fit mouthguard and will be visiting the school on **Thursday 14th September**.

Titan also offer a remote E-Fitting service, allowing pupils to have their mouthguards fitted and received in advance of the start of the 2022/2023 school year.

If you wish to take advantage of either service, please complete your online order form by clicking the following link: <https://titanmouthguards.com/blundells-senior-school-order-form-2022/>

As well as their standard styles, Titan has designed a School Special Edition incorporating the school colours and crest. Custom-fit mouthguards start from £49.99, with replacement/spare guards starting at a reduced cost of £35. Titan's prices are vastly reduced from dental practices and similar services and include:

- Dental impression supervised by a member of the Titan team.
- Elite quality of fit using 3D printing technology in manufacturing.
- Highest industry level of protection and comfort available.
- Under-side of custom-fit guards embedded with the wearer's name.
- Free of charge Boil-Fit included with fitting session orders for use during turnaround.
- Free of charge delivery.
- Comprehensive aftercare service with reduced price replacements and support year-round.

Titan also cater for those wearing a fixed brace with flexible Instant-Fit Ortho-Guards, rather than custom-fit guards. Ortho-Guards are recommended by the British Orthodontics Society as they allow for movement in the teeth, whilst retaining sufficient protection. These can be purchased using Titan's online form at a reduced cost.

Titan suggest that orders should be placed in advance of fitting sessions at the school to avoid any delays on the day of fitting itself or with getting guards back to you. There is a £5 admin fee on all orders placed on or after the day of your child's fitting at school.

Any questions on school mouthguards or any of the details above should be sent directly to Titan (not to school staff) via their customer service email address: info@titanmouthguards.com
